Mr. Hartsock:

This letter is in response to your letter of February 9, 2007 regarding the Year End Report for Green Mountain PAC.

The calculations for Line 8 were corrected in an amended report filed in connection with corrections made on the Post General Report.

All contributions have been reported for the Leahy Green Mountain Victory PAC joint fundraising committee. The \$10,157.65 reflects the final disbursement from the joint committee. Additional contributions were reported on previous reports.

As noted in previous correspondence, Green Mountain PAC does not make expenditures on behalf of specific candidates. The retainer is paid to finance consultants who support the general operations of the P AC.

As always, if you have additional questions please contact me.

Sincerely,

Richard Cassidy
